SAN LEANDRO ZONING CODE

PART I - GENERAL PROVISIONS

Article 1 Title, Components, and Purposes

Sections:

1-100	Title
1-102	Components
1-104	Purposes

1-100 Title

These regulations and standards shall be known and cited as the "Zoning Code of the City of San Leandro," or "Zoning Code."

1-102 Components

The Zoning Code shall have the following components:

- A. Regulations, known as the zoning regulations, establishing various classes of zoning districts governing the use of land and the placement of buildings and improvements within districts and providing for the administration and amendment of the Zoning Code.
- B. A map or set of maps, known as the zoning map, delineating the boundaries of zoning districts within the City of San Leandro.

A copy of the zoning regulations and the zoning map, together with a record of all amendments, shall be kept on file with the City Clerk and shall constitute the original record. A copy of the zoning regulations and zoning map currently in effect also shall be kept on file with the Zoning Enforcement Official.

1-104 Purposes

The broad purposes of the Zoning Code are to protect and promote the public health, safety, and general welfare, and to implement the policies of the City of San Leandro General Plan and any adopted Specific Plan or Redevelopment Plan, as provided in the California Government Code, Title 7, Chapters 3 and 4 and in the California Constitution, Chapter 11, Section 7. More specifically, the Zoning Code is intended to:

Adopted 7/16/2001 – Effective 8/15/2001
(includes amendments effective through 2007)

City of San Leandro Zoning Code - Article 1

- A. Provide a precise guide for the physical development of the City in accord with the policies of the General Plan and any adopted Specific Plan or Redevelopment Plan in order to:
 - 1. Preserve the character and quality of residential neighborhoods and commercial and industrial areas consistent with the character of the development districts of the City;
 - 2. Foster convenient, harmonious, and workable relationships among land uses; and
 - 3. Achieve progressively the land development described in the General Plan.
- B. Promote the economic stability of existing land uses that are consistent with the development policies of the General Plan and protect them from intrusions by inharmonious or harmful land uses.
- C. Prevent excessive population densities and overcrowding of land or buildings.
- D. Ensure the provision of adequate open space for light, air, and fire safety.
- E. Reduce the risk of injury or exposure to hazard of people and property.
- F. Permit the development of office, commercial, industrial, and related land uses that are consistent with the General Plan in order to strengthen the City's economic base.
- G. Require the provision of adequate off-street parking and loading facilities, and promote a safe, effective traffic circulation system.
- H. Ensure that service demands of new development will not exceed the capacities of existing streets, utilities, or public services.
- I. Conserve and enhance the City's architectural and cultural resources.
- J. Conserve and enhance key visual features of San Leandro's setting, including the hillsides and bay front, consistent with the General Plan.
- K. Improve the design and aesthetic quality of new and existing development.
- L. Provide for the elimination, over time, of land uses and structures that are inconsistent with the policies of the General Plan and adversely affect other property or uses.

2-500 Specific Purposes

In addition to the general purposes listed in Article 1, the specific purposes of residential districts are to:

- A. Provide appropriately located areas for residential development that are consistent with the General Plan and with standards of public health and safety established by the Municipal Code.
- B. Ensure adequate light, air, privacy, and open space for each dwelling, and protect residents from the harmful effects of excessive noise, population density, traffic congestion, and other adverse environmental effects.
- C. Protect residential areas from fires, explosions, landslides, toxic fumes and substances, and other public safety hazards.
- D. Protect adjoining single-family residential districts from excessive loss of sun, light, quiet, and privacy resulting from proximity to new development.
- E. Achieve a high standard of site and building design and design compatibility with surrounding neighborhoods.
- F. Promote development of housing affordable by low- and moderate-income households by providing a density bonus for projects in which a portion of the units are affordable for such households.

Adopted 7/16/2001 – Effective 8/15/2001
(includes amendments effective through 2007)

City of San Leandro Zoning Code, Article 5

- G. Provide sites for public and semipublic land uses needed to complement residential development or requiring a residential environment.
- H. Ensure the provision of public services and facilities needed to accommodate planned population densities.

The additional purposes of each R Residential District are:

RO Residential Outer District. To provide opportunities for additional single- and two-family dwellings on larger lots, subject to appropriate standards and to permit horticulture, animal husbandry, and small-scale truck gardening within limitations consistent with the basic residential character of the district.

RS Residential Single-Family District. To provide opportunities for single-family residential land use in neighborhoods, subject to appropriate standards. There are two sub-districts of the RS district. One, indicated by a "-40" designation, is intended for areas where the minimum front yard setback is forty (40) feet. The other, indicated by a -VP, is intended for "view preservation", where the maximum height limit is eighteen (18) feet and all new homes and additions are subject to discretionary review to prevent unreasonable blockage of views.

RD Residential Duplex District. To provide opportunities for two-family housing at appropriate locations.

RM Residential Multi-Family District. To provide opportunities for multiple residential uses, including town houses, condominiums, multi-dwelling structures, or cluster housing with landscaped open space for residents' use, and apartments. Single-family and duplex dwellings are permitted uses in these districts. Four types of multi-family districts are established:

RM-3000 District, where the density is 14.5 dwellings per gross acre.

RM-2500 District, where the density is 17.5 dwellings per gross acre.

RM-2000 District, where the density is 22 dwellings per gross acre.

RM-1800 District, where the density is 24 dwellings per gross acre.

2-742	Additional Property Development Regulations: IL, IG, and IP Districts
2-744	Review of Plans

2-700 Specific Purposes

In addition to the general purposes listed in Article 1, "Title, Components and Purposes," the specific purposes of the industrial district regulations are to:

- A. Provide appropriately located areas consistent with the General Plan for a broad range of manufacturing, distribution and storage, and service uses.

Adopted 7/16/2001 – Effective 8/15/2001
(includes amendments effective through 2008)

City of San Leandro Zoning Code - Article 7

- B. Strengthen the City's economic base, and provide employment opportunities close to home for residents of the City and surrounding communities.
- C. Provide a suitable environment for various types of industrial uses, and protect them from the adverse impacts of inharmonious uses.
- D. Encourage adaptive reuse of existing industrial buildings.
- E. Ensure high quality site and building design for new or reused buildings, and that the appearance and effects of industrial uses are compatible with the character of the area in which they are located.
- F. Minimize the impact of industrial uses on adjacent residential districts.
- G. Ensure the provision of adequate off-street parking and loading facilities.

The additional purposes of each I district are as follows:

IL Industrial Limited District. To provide areas appropriate for a wide range of (1) low- to moderate- intensity industrial uses capable of being located adjacent to residential areas through provision of adequate buffering and attenuation measures and; (2) commercial services and light manufacturing, and to protect these areas, to the extent feasible, from disruption and competition for space from unrelated retail or commercial uses or general industrial uses. Conversion of buildings and sites to general office use is not permitted.

IG Industrial General District. To provide and protect existing industrial sites and allow for continued operation of existing general industry, subject to performance standards and buffering requirements to minimize potential environmental impacts. Certain types of retail sales are permitted under specified limitations.

IP Industrial Park District. To provide and protect industrial lands for the development in a landscaped setting of communities of high technology, research and development facilities, limited industrial activities (including production and assembly but not raw materials processing or bulk handling), small-scale warehousing and distribution, industrial office centers, certain types of specified retail sales, and related uses.

building constructed after August 15, 2001. Zoning Permit review pursuant to Article 21 shall include a review of the proposal's trip generation, potential circulation, and noise generation impacts. Additional information, including but not limited to a traffic study, may be required. The standard for approval is the Zoning Enforcement Official's ability to make the findings required as listed below:

1. That the proposed location of the Parcel Processing and Shipping Center is in accord with the objectives of this code and the purposes of the I District in which the site is located;
2. That the proposed location of the Parcel Processing and Shipping Center and the proposed conditions under which it would be operated or maintained will be consistent with the General Plan; will not be detrimental to the public health, safety, or welfare of persons residing, or working in, or adjacent to, the neighborhood of such use; and will not be detrimental to properties or improvements in the vicinity, or to the general welfare of the City;
3. That the proposed Parcel Processing and Shipping Center will comply with the provisions of this Code, including any specific condition required for the proposal in the District in which it would be located; and
4. That the proposed Parcel Processing and Shipping Center will not create adverse impacts on traffic or create demands exceeding the capacity of public services and facilities, which cannot be mitigated.

Development Regulations

2-728 Property Development Regulations: IL, IG, and IP Districts

The following sections set forth the property development regulations of the IL, IG, and IP Districts.

2-730 Minimum Lot Area and Minimum Lot Width

	<u>Minimum Lot Area</u> (square feet)	<u>Minimum Lot Width</u> (feet)
IL	5,000	50
IG	5,000	50
IP	7,500	50

Adopted 7/16/2001 – Effective 8/15/2001
(includes amendments effective through 2008)

City of San Leandro Zoning Code - Article 7

Section 4-1650: Development on Substandard Lots shall apply to substandard lots. Smaller lot dimensions may be permitted with an approved development plan and tentative subdivision map.

Adopted 7/16/2001 – Effective 8/15/2001
(includes amendments effective through 2008)

City of San Leandro Zoning Code - Article 7

2-732 Minimum Yards

- A. Minimum Building Setback and Landscaping. The minimum yard setback for building placement, and minimum area required as a landscaped yard, is as proscribed below. Additional building setback and landscape requirements may also apply as specified in Subsections B, C and D.

	<u>Front (feet)</u>	<u>Side (feet)</u>	<u>Corner Side (feet)</u>	<u>Rear (feet)</u>
IL	10	0	10	0
IG	10	0	10	0
IP	20	0	20	0

- B. Minimum Yard Setbacks, Additional Regulations:

1. Front, side, corner side, and rear yards shall be subject to the regulations of Section 4-1654: Building Projections into Yards and Courts.
2. Double-frontage lots shall provide the minimum front yards setback on each frontage.
3. The setback of an adjacent R, C, or P district applies if within one hundred (100) feet.
4. The areas within a minimum required front and corner side yard shall be landscaped, excepting limited areas for driveways and walks, and prescribed by Article 19: Landscape Requirements.
5. The maximum allowable height of a fence or wall in minimum yards required by this Section is three (3) feet.

- C. Additional Setback Requirement for Properties on Doolittle Drive. The minimum required front and corner side yard is twenty (20) feet. As part of the approval of a Site Development Plan pursuant to Chapter 25, a setback of less than twenty (20) feet, but not less than ten (10) feet, may be permitted if a twenty (20) foot setback is not practical due to pre-existing site constraints and substantial landscaping is provided to mitigate the reduced yard setback.

- D. Additional Setback Requirement for Buildings Over Twenty (20) Feet in Height (IL and IG Districts). For buildings over twenty (20) feet but not over forty (40) feet in height, the minimum required front and corner side yard of ten (10) feet shall be increased by one (1) foot for each additional two (2)

Adopted 7/16/2001 – Effective 8/15/2001
(includes amendments effective through 2008)

City of San Leandro Zoning Code - Article 7

feet of building height in excess of twenty (20) feet. For buildings over forty (40) feet in height, the minimum required yard is twenty (20) feet. As part of the approval of a Site Plan pursuant to Chapter 25, a setback of less than twenty (20) feet but not less than ten (10) feet, may be permitted if a twenty (20) foot setback is not practical due to pre-existing site constraints and substantial landscaping is provided to mitigate the reduced yard setback.

2-734 Maximum Height of Structures

- A. Maximum Height. The maximum height of structures shall be as prescribed below. Additional height regulations may also apply as specified in Subsection B and C:

	<u>Height (feet)</u>
IL	35
IG	35
IP	35

- B. Additional Height limitations for Buildings within One Hundred (100) Feet of an R District. The allowed height within one hundred (100) feet of an R District building shall be limited to twenty five (25) feet.
- C. Height Limit May Be Adjusted. A maximum building height of fifty (50) feet in the IL and IG Districts may be approved by the Zoning Enforcement Official. [The allowed height within one hundred (100) feet of an IP District building shall be limited to thirty five (35) feet.]

2-736 Maximum Lot Coverage and Maximum FAR

	<u>Maximum Lot Coverage</u>	<u>Maximum FAR</u>
IL	75%	1.0
IG	75%	1.0
IP	40%	0.8

2-738 Minimum Site Landscaping

- A. General Landscape Requirements. In addition to the general Landscape Requirements prescribed in Article 19, the following requirements for minimum site landscaping apply to all property within any I District. As part of the Site Plan Approval process pursuant to Article 25, exceptions to the stated requirements for "minimum site landscaping" may be permitted in

Adopted 7/16/2001 – Effective 8/15/2001
(includes amendments effective through 2008)

City of San Leandro Zoning Code - Article 7

cases where such standards are found not to be practical due to pre-existing site constraints.

- B. Minimum Site Landscaping. The minimum percentage of the site that shall be used for landscaping shall be as prescribed below:

Minimum Site Landscaping

IL	5%
IG	5%
IP	15%

2-740 Parcels Adjoining Residential Districts – Additional Development Regulations for New Construction

- A. Intent. The purpose of this section is to reduce the potential negative impacts of expanding industrial activities to the residents within adjoining Residential Districts by establishing heightened screening and site development standards for new and expanded projects.
- B. Applicability. The requirements of this Section apply to construction and/or activities within two hundred (200) feet from the edge of a Residential District. The requirements of this Section do not apply to industrial parcels that are separated from a Residential District by either an active mainline railroad right-of-way or Interstate 880.
- C. Development Requirements. Notwithstanding the minimum yard and landscape requirements for property within the IL, IG and IP Districts, the following additional development standards shall apply:
1. Orientation of Truck and Storage Facilities. The sound, traffic and visual impacts of truck facilities, such as new or expanded truck bays and docks, and truck staging/storage yards, shall be minimized by such design features as building placement, sound walls, and/or landscaping. Truck facilities shall be oriented and/or screened as to provide the greatest possible physical and/or visual separation between the truck facility and the residences.
 - a. Certain New Facilities Require Site Plan Approval: Per Section 5-2502.B.4.d, the creation of, or addition to, any substantial outdoor storage area or truck loading bays that would be visible from off-site require Site Plan Approval as prescribed in Article 25.
 2. Required Installation of Mitigating Features for New Truck Docks: When new truck docks are built, or unused truck docks that have been "glassed in" by previous tenants/users are to be newly used,

the following mitigating features are to be installed, and shall be made a requirement of Building Permit approval:

- a. Rubber Loading Bay Bumpers shall be installed on all new and newly used truck dock bays.
 - b. Notification signage, advising employees and truck operators that the subject establishment is adjacent to residences, and that as a courtesy to neighbors, noise from shipping and trucking activity should be kept to a minimum, shall be placed in the truck staging area.
3. Attenuation of Noise Generating Equipment: Noise generating equipment, such as generators, HVAC units, and garbage facilities, shall be located and/or structurally screened, or enclosed, as to minimize impacts on adjacent residents. Prior to issuance of a building permit or electrical permit for the installation of such equipment, the Zoning Enforcement Official may require that the applicant/owner provide a noise study by an acoustical engineer and may impose conditions to reduce noise impacts.
- a. Adjustments to Attenuation Requirements for Emergency Generators. The Zoning Enforcement Official, in reviewing a request for a building or electrical permit for the installation of an emergency generator (such as one to be used during temporary power outages or in similar limited use situations), may adjust or reduce the requirements for noise attenuation to correspond to the duration, frequency or intensity that the generator is to operate.
4. Required Separation/Mitigation Adjacent to Residential Parcel: Either a landscaped buffer and/or a masonry wall shall be provided along rear and side property lines, which are adjacent to residential parcels, as required as part of an approved Site Development Plan per Article 25.
- a. Option of Yard Setback. In cases where a building would otherwise be permitted with no rear or side yard setback, a minimum side and/or rear yard of ten (10) feet shall be provided, which shall be used exclusively for the planting of a landscape screen. Evergreen trees with spacing not to exceed twenty (20) feet, and of a minimum fifteen (15) gallon size, shall be provided within the required yard. Tree selection shall provide for a near total screen, up to a height of twenty (20) feet within five (5) years from planting. Such landscaping shall be permanently maintained.

(includes amendments effective through 2008)

- b. Option of Masonry Wall. A minimum eight (8) foot high wall shall be provided adjacent to residential parcels, as required by Section 4-1642, or as high as required by acoustical analysis (to be provided by applicant), when a vacant industrial parcel is developed or an existing use is expanded so as to significantly increase the potential for additional traffic and/or noise impacts to the residential areas. A wall will typically be required whenever an active service, staging and/or storage yard is immediately adjacent to a residential parcel.

2-741 Parcels Adjoining Residential Districts – Additional Performance Standards

- A. Intent. The purpose of this section is to reduce the potential noise impacts to the residents within adjoining Residential Districts, from late night/early morning activity, by establishing performance standards for all businesses.
- B. Applicability. The requirements of this Section apply to activities within two hundred (200) feet from the edge of a Residential District. The requirements of this Section do not apply to industrial parcels that are separated from a Residential District by either an active mainline railroad right-of-way or Interstate 880.
- C. Performance Standards for Loading and Shipping Activity. To reduce impacts on adjoining residents, those uses conducting loading and shipping activity between the hours of 10:00 p.m. and 7:00 a.m. shall avoid generating extraneous noise that can be heard by adjoining residents (e.g. loud conversations, playing of recorded music and/or radio broadcasts, or motorized noises from prolonged use of equipment or vehicles).
- D. Adjoining Residents May File Complaint Against Industrial Businesses. Residents may file a written complaint against businesses that are alleged to be in violation of the performance standards outlined in Subsection C, above. If the Zoning Enforcement Official determines that the business is in violation, written notification of the violation shall be given to the violator and the complaining party. Determination of a violation, and/or resolution of continuing violations once notification has been made, may be subject to a hearing of the Site Development Sub-Commission. Failure to conform to the requirements of the Sub-Commission hearing may be cited as a violation of this code, pursuant to Section 5-2908.
